Investigator Feeling / Experiences:

(Note: Personal experiences cannot in itself determine paranormal activity in a location, unless documented by video or audio equipment)

Deana M. – Some minor feelings of unease during the investigation.

Wayne M. – No personal experiences during the investigation.

Final:

Mansfield Reformatory in Ohio is an incredible structure. During the investigation there were anomalies caught on both digital camera and micro cassette. The restoration group and guides also had on display many of the photo anomalies that have been caught over the years. With all of the combined evidence it would appear that there is paranormal activity at this location.
